

ANNUAL CONVENTION

Excellence:
*A Continuing
Pursuit*

**April 9 - 10, 1987
WYNFREY HOTEL
Birmingham, Alabama**

KEYNOTE SPEAKER

Dr. Bernard F. Sliger
President, Florida State University

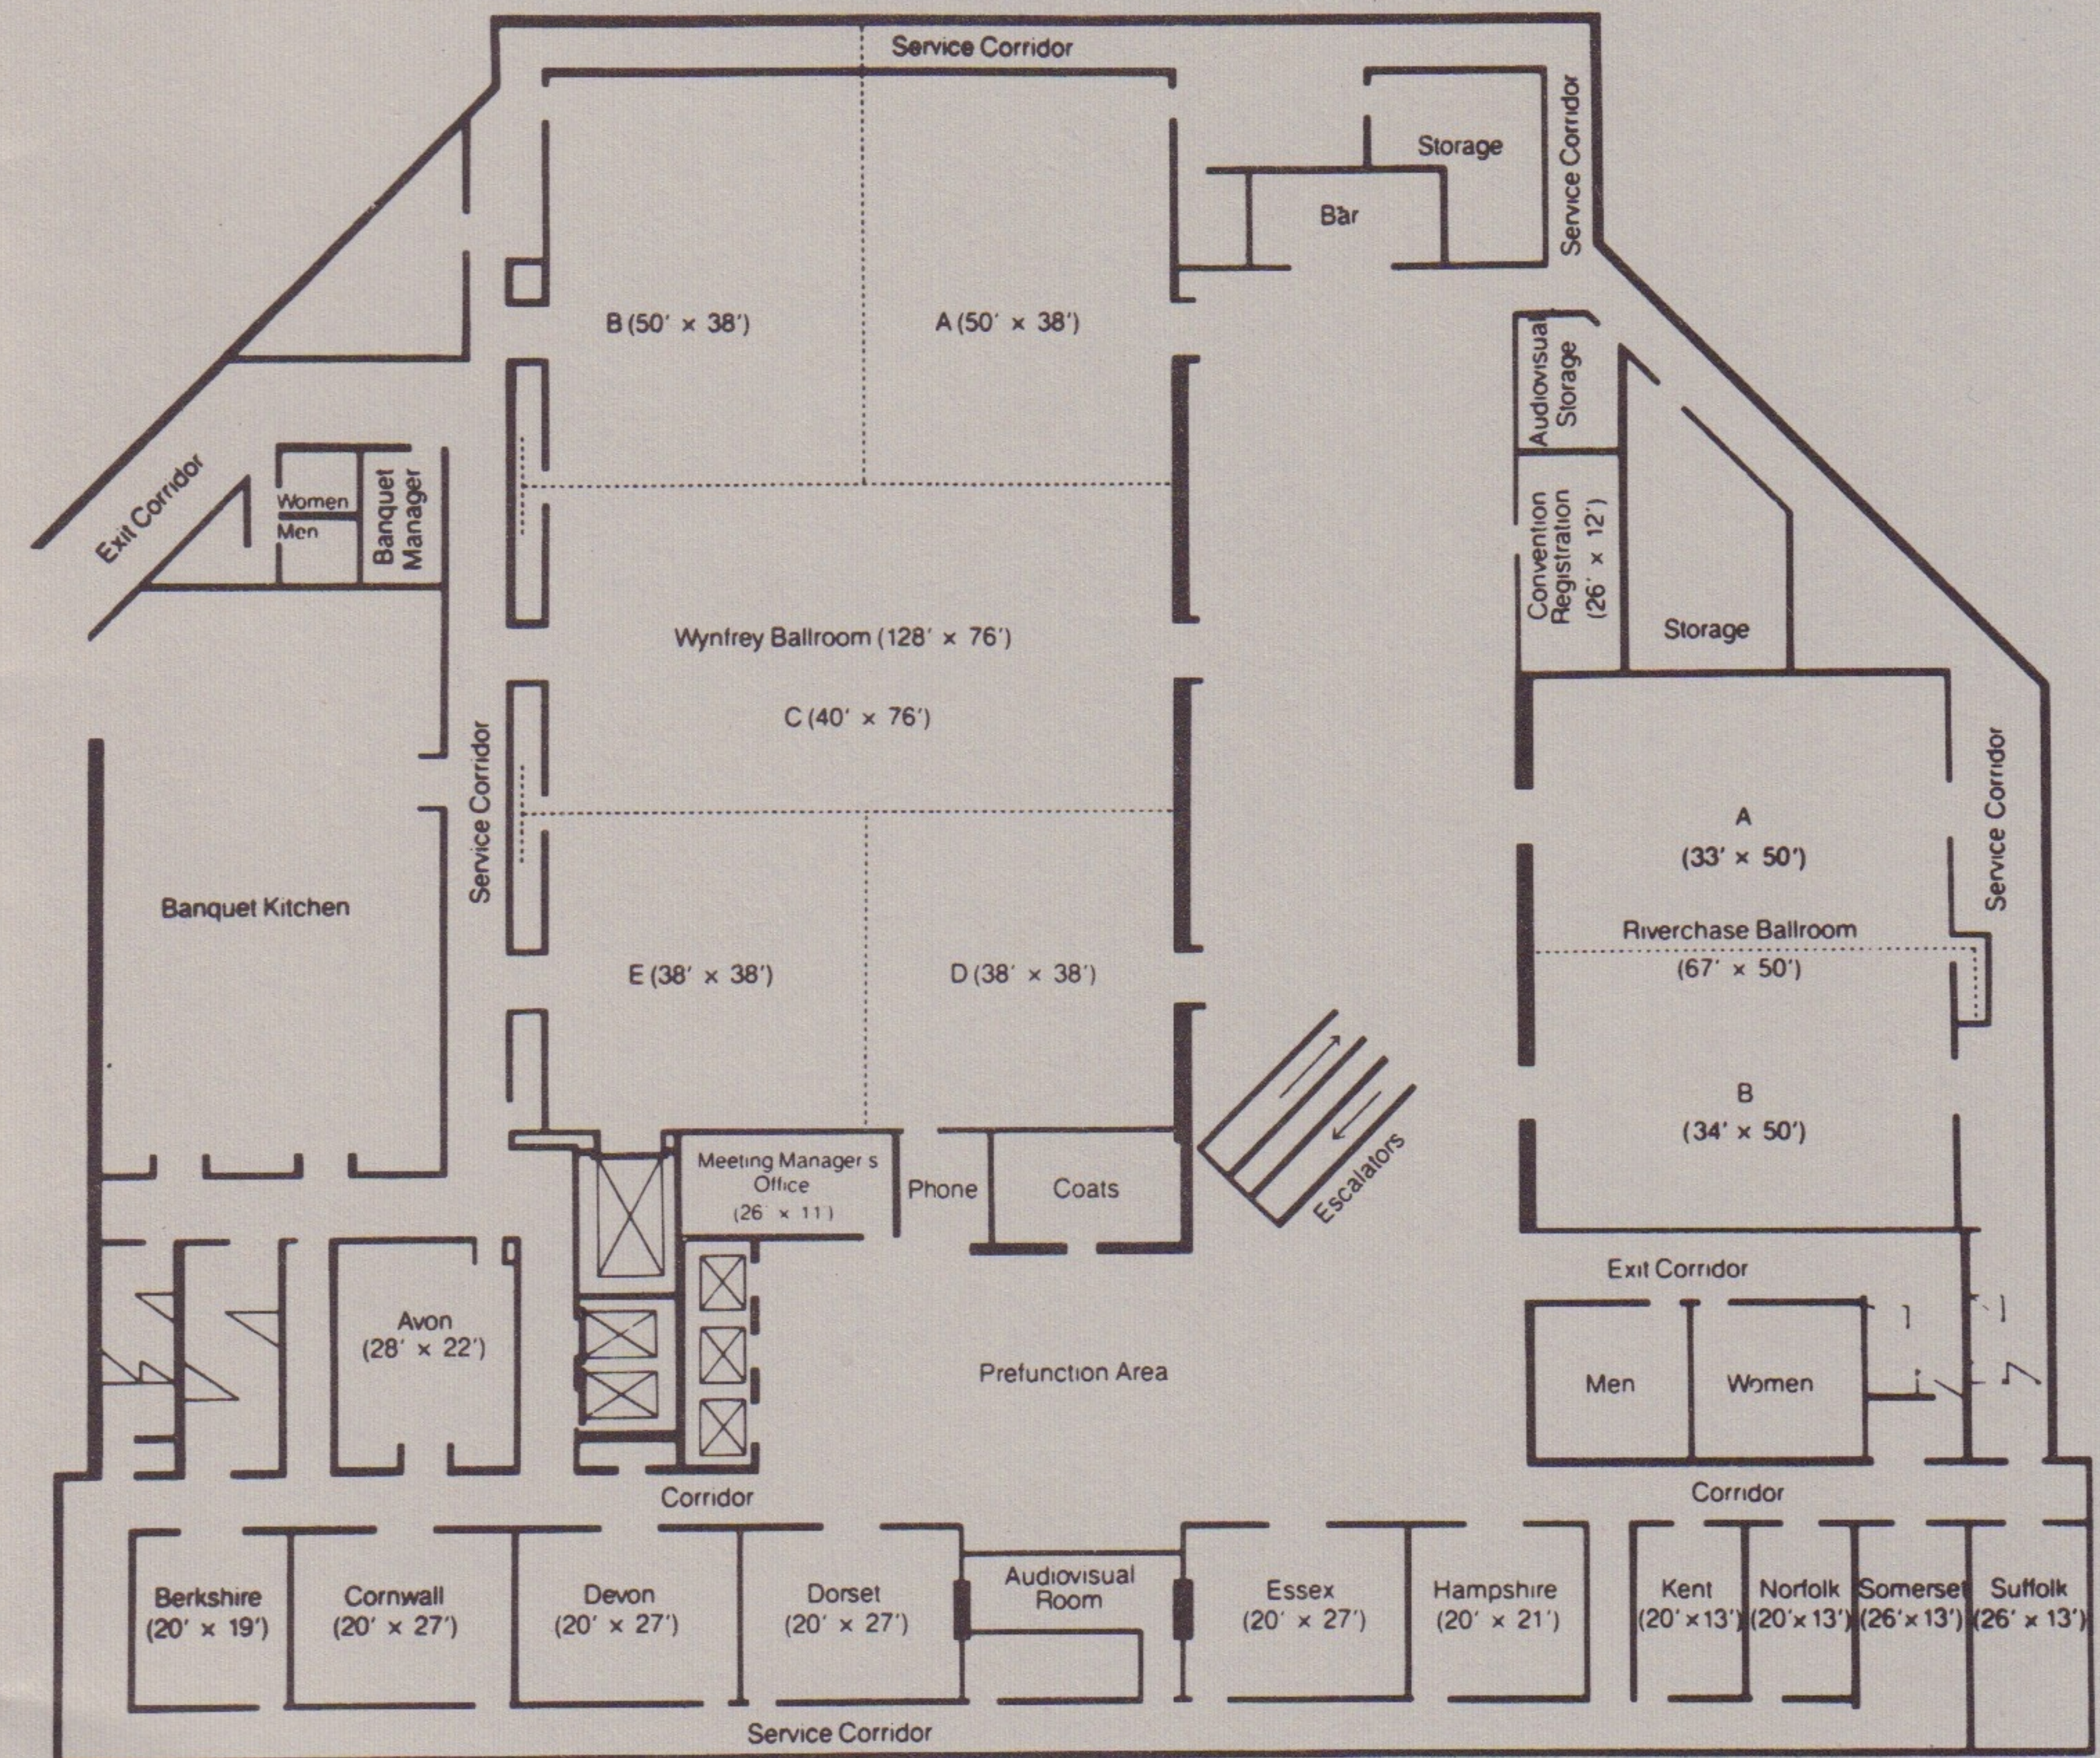

Dr. Bernard F. Sliger was named the 10th president of Florida State University February 7, 1977, following six months of service as the University's interim president.

Formerly executive director of the Louisiana Coordinating Council for Higher Education, Dr. Sliger's background as an educator includes 19 years as a faculty member and administrator at Louisiana State University. During that time, he served LSU as head of the economics department, member and chairman of the graduate council, dean of academic affairs, and vice chancellor. Taking leave of absence from LSU in 1969, he organized the Louisiana Coordinating Council for Higher Education, which is similar to the Florida Board of Regents, and became its executive director, a position equivalent to the chancellorship of the State University System in Florida.

An economist and scholar in the special fields of economic theory and public finance, he frequently has served as a consultant to private and public commissions and organizations. He was a member and chief consultant of the Governor of Louisiana's tax study committee in 1968, and chaired a special committee appointed by the legislature to study the Louisiana Department of Revenue. He presently serves as the economist for the Tallahassee Chamber of Commerce and the State Chamber of Commerce on a volunteer basis.
